

January 7th, 1916

Dean F. Adams, F.R.S., D.Sc.,  
McGill University.

Dear Dean Adams:

President Murray of the University of Saskatchewan is Secretary of the sub-committee on Engineering Education and will give you any information with regard to what the duties of the sub-committee are.

I have nominated Dean Ellis to act for us on the Committee, and he will doubtless be glad to give you any help that may be necessary. I fancy that a great deal of the work will be to gain information as to the various standards through the Dominion and to make any recommendations for our next meeting which is to be in McGill I think in May.

Please give Mrs. Adams my best wishes for the New Year. With kind regards, I am,

Yours sincerely,

President.
